

NEXT-GENERATION BATTERIES

Research – Development – Technology Transfer

www.zsw-bw.de

NEXT-GENERATION BATTERIES

- Lithium & post-lithium batteries
- A comprehensive material-to-system approach
- Material, electrode and cell development
- Analytics and electrochemical characterization
- Sustainable raw materials, components & recycling processes
- Powder-Up! plant for cathode materials up to 100 kg
- Industrialization on the „FPL“ research production line
- Advanced battery safety and performance testing

Zentrum für Sonnenenergie- und Wasserstoff-
Forschung Baden-Württemberg (ZSW)
Lise-Meitner-Straße 24 • 89081 Ulm • Germany
